## Allmarble

Developed by selecting the **rarest, finest marbles** and observing the latest trends in architecture and interior design, Marazzi's Allmarble collection meets all architectural needs with a vast range of surfaces, finishes and trims and a lavish programme of three-dimensional pieces and mosaics. Careful analysis of the tiniest details of the inspiration materials is the driving force behind stoneware collections vibrant with contemporary energy and strong in **the elegance only the great classics possess.**

Achieved through the painstaking selection of raw materials and exclusive technologies, Allmarble reinterprets more than thirty marble varieties of amazing beauty, offering them in different surfaces, a vast range of combinations and infinite architectural possibilities. Among them, the **brand new essences Crema Marfil, Tafu, Fior di Pesco Carnico, Calacatta Black and four different Onyxes: Avorio, Beige, Giada and Nero.**

The wide availability of sizes and different glossy, natural and outdoor surfaces allow **infinite floor and wall composition possibilities** for indoor and outdoor, residential and commercial applications.
