AVANTE® CORIAN® BATHROOM PRODUCTS

If ever there was an ideal material for the bathroom, it is Corian®. Made by DuPont™, Corian® is a clever blend of natural materials, pigments and acrylic resin. Solid, strong and absolutely non-porous, it offers outstanding performance combined with extraordinary versatility and lasting good looks.

CD UK has put all these wonderful qualities to work in a stunning collection of basins, vanity tops and accessories that are perfect for the contemporary bathroom. The material's incredible flexibility means that a variety of basin shapes are possible.

Avante® basins can be wall-mounted on special brackets, integrated into Corian® vanity tops, or stylishly set on top of a vanity run in any material.

As for colour, the Corian® palette offers many colours. So bowls, tops and accessories can be matched or contrasted as desired.

Attractive, silky to touch and easy to maintain, Avante® Corian® sanitaryware from CD UK satisfies the need for both individual expressions of style and practical common sense.

Note: Avante® basins are available in most colours (unless stated otherwise) however we are unable to make them in any colour in the Stone Series. Please check with sales that your colour requirement can be produced.

CORIAN®**

AVANTE® CORIAN® BOWLS

The **400R** is only available in top mount in white colours. All other bowls are available in top mount and undermount.

The **250** is available in a limited range of colours - Please check before ordering.

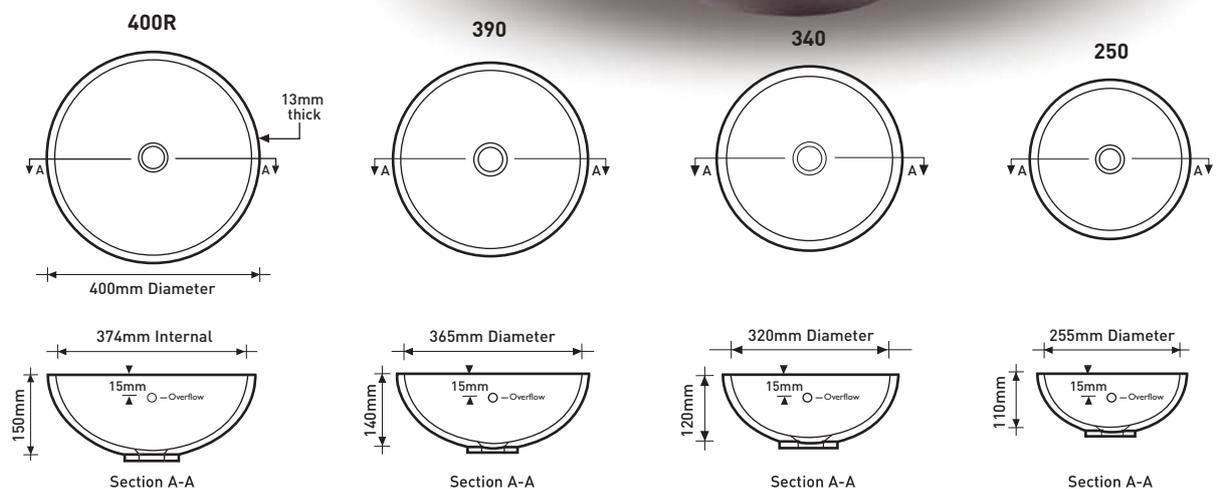

Due to the nature of the material, the dimensions provided are approximate and may vary up to 5mm either side.

Note: Avante® basins are not guaranteed to colour match with a worktop of the same Corian® colour.
