

hx-box

To 'round-off' our in-desk portfolio, HX-BOX suits applications where a rectangular outline does not suit the furniture aesthetic.

Developed primarily for conference/meeting room desking, HX-BOX suits round or oval tables with virtually frameless detailing.

The hexagonal underdesk housing can accommodate anything up to 4 power and 4 data/AV outlets, and presents the sockets through a circular aperture of only 180mm.

All **OE** Electrics products are manufactured to enable compliance with BS6396 or BS7671 where relevant.

UK sockets incorporate fuses as standard with colour coded inserts indicating fuse rating. Unfused sockets may be specified where applicable.

USPs

- Virtually frameless detailing
- Circular aperture of only 180mm
- Complies with BS6396 where applicable
- Available with power sockets from different nationalities

Common Configurations*

Features

Configuration:

Power only / Data only / Combined (Power & Data/AV)
Internal segregation between Power and Data/AV in combined HX-BOX

Insulation:

Earthed powder coated steel casing with fire retardant ABS fascias.

Earth Bonding:

Discreet earth stud in base for earth bonding to furniture

Fusing: (to enable compliance to BS6396)

5 x 20mm anti-surge ceramic fuses, with colour-coded fuseclips to denote the rating (3.15A/5A)

Testing:

100% testing - continuity, polarity, insulation & earth

Soft Wiring (power)

Power hardwired to Wieland GST connector allows starter cables to be changed to suit requirements, especially useful during moves and changes (CHURN)
