

## VOLT barstool

design Claudio Dondoli - Marco Pocci  
INJECTION OF DYNAMISM

Volt barstool, with its pure volume and its well defined lines is the result of excellent selection of the best technologies and researches in plastic materials.

The compact size and ergonomic shape ensure functionality and comfort. The footrest on three sides, like a bend, grants the stackability.

Made of polypropylene, injected with gas air moulding and reinforced by glass fibers, the Volt barstool is available in the same range of colours of the chair.

The result is a monomaterial furniture piece that expresses the smart simplicity of everyday's lifestyle.

### Materials and Technologies:

Polypropylene reinforced by glass fibers, injected with gas air moulding.

### Colours:

White, black, red, anthracite grey, beige, yellow, blue.

Art. 678
