Calvert

Inspired by Calvert Vaux, the mastermind behind New York's Central Park.

Breaking up a grid system to create spaces to focus, collaborate, relax and inspire. Steel frame walls, available in three heights, act as room dividers, with the louvre-style grid pattern diffusing visibility between areas without creating a definite wall.

Accessories, such as display cubes, shelves, AV boxes, dry-wipe surfaces and upholstered panels, along with benches and desk surfaces, can be incorporated to add flexible functionality.

Calvert

Infinitely scalable, the system can grow, adapt and be reconfigured as spaces evolve and can be used to create landscapes from simple partitions to all-encompassing 'room-within-a-room' environments.

Natural birch plywood combines with tactile powder coated steel available in 6 stylish colour options as standard.

Standard Frame Colours:

RAL9005
Jet Black

RAL9003
Signal White

RAL7035
Light Grey

RAL3003
Ruby Red

RAL5003
Sapphire Blue

RAL6005
Moss Green

Custom finishes from over 100 RAL colours available on request.

High: CA-DSCK60-22
W600 x D600 x
H1000/1500/2200mm

Runs of Wall units always require an End Frame at each end.

Use a link frame to stagger different height walls.

For corner layouts, Use a Corner Kit in conjunction with appropriate Link Frames.

Ceiling Panels:

Two-Person Booth Ceiling

CA-BCP-2P
W2300 x D800mm

Four-Person Booth Ceiling

CA-BCP-4P
W2300 x D1550mm

Use Ceiling Panels with the rear of Single-Sided Wall Units to create intimate booth-type shelters within open plan spaces.

Lighting can be fitted to ceiling boards.
