PICTURE HANGING
SYSTEMS

2200-2300/01

G-RAIL®
ALUMINIUM RAIL

> *by Goelst*

Especially suitable for galleries, educational and care establishments, as well as commercial and domestic applications - pictures can be changed or moved many times without unnecessary wall damage. Profile 2200 can be installed as a continuous feature line whilst 2300 and 2301 can be discreetly hidden from view.

Colours 2200: White RAL 9010, natural, brown, gold. Special colours on request.

Colours 2300: White RAL 9010, natural, black

Colours 2301: White RAL 9010, natural.

2200 : Wall fixing with wall clip 2254.
2300 : Top fixing to timber with pozi-drive screw 2314.
2301 : Face fixing to timber with pozi-drive screw 2314.
Standard fixing hole centres 2300 and 2301: 15 cm.
Fixing in accordance with the load table.

Load table

| bracket distance (cm) | | weight (kg) | | | | |
|-----------------------|----|-------------|------|-----|------|-----|
| | | 2,5 | 5 | 10 | 15 | 20* |
| 2200 | 40 | 0,15 | 0,3 | 0,6 | 1 | 1,4 |
| | 50 | 0,3 | 0,6 | 1 | 1,5 | |
| | 80 | 0,75 | 1,5 | | | |
| 2300 | 15 | 0,1 | 0,15 | 0,4 | 0,6 | |
| 2301 | 15 | 0,1 | 0,25 | 0,4 | 0,65 | |

Norms: deflection in mm.

From an aesthetic point of view we advise a maximum deflection of 1.5 mm.

* Used only when several hooks are placed on a single perlon cord.

Product example

Memo papers are simply inserted into the opening of the aluminium profile and held in place without the need of drawing pins or magnets. Supplied complete ready assembled in the following sizes: 28, 50, 100, 150 & 200 cm. Memorail is available finished white powder coat and satin silver anodised. End caps are supplied in grey as standard - white end caps 2075-53 can be ordered separately.

> Ideal for
precise
hanging.
