### Designed to conform to:

BS EN 16139: 2013 – Strength, durability and safety for Non-Domestic Seating

### Manufactured in accordance to:

ISO 14001: 2004 - Environmental Management Systems.  
BS EN ISO 9001: 2008 - Quality Management Systems.

### Materials:

Seat and back produced using a double-layer coating process (polyester on top of a galvanized surface) making this product suitable for outdoor use. It is strong and resistant to weathering, scratches, chemical agents, fats, food stains and non-abrasive detergents, making it ideal for café-bar use, where wipe-down surfaces are required.

It is also 100 % recyclable. Structural elements are produced from a combination of bent tubular/Rod and sheet steel components which are welded and then have a chrome plated finish.

### Considerations:

- Available in chair and two bar stool heights
- Available in a selection of shell colours.
- Chairs stack up to four units high.
- Available with in a number of frame options
