

# SOFT SEATING COLLECTION

Contemporary breakout and soft seating.

Pulse Design provide a contemporary range of innovative breakout and soft seating solutions designed to address the challenges of the constantly evolving workplace.

The shift to more flexible and informal working environments has led to an increase in the demand for versatile seating solutions. Our soft seating collection can be tailored to meet specific space requirements whilst maintaining a strong visual aesthetic combined with everyday functionality.

The **Liberty** Collection from Pulse Design

#### **Design and comfort**

High standards of design, comfort and quality are reflected throughout the entire range whilst careful consideration has been given to form, contours and proportions to create the distinctive character.

Whether creating a stylish reception or dynamic layout in office or public spaces, this collection is the epitome of multi-purpose seating.

#### **Partnership**

We believe the key to success is building strong partnerships with our customers. Our customer service team can use their in-depth product knowledge and experience to advise on suitable products to achieve practical and cost effective seating solutions.

We also work closely with all our suppliers, ensuring every stage of the supply chain process meets our rigorous quality standards and environmental aims.

#### **Environmental**

In pursuing our business activities we all have a responsibility to the environment. To meet our own high standards we undertake a comprehensive waste management programme, successfully reducing waste and landfill by almost 85%. In addition, all Pulse Design seating products are manufactured from carefully sourced materials and are 100% recyclable.

#### **Choice**

At Pulse Design we believe any business or organisation is unique. In most instances our products can be specified in a fabric or material finish of your choice and combined with complementary accessories to make your office seating as individual as your business.
